CAREER SUMMARY

Frontend Developer with 2 years of experience in building high-performance web applications. Proficient in **Vue.js**, **Nuxt.js**, and **Tailwind CSS** with expertise in **JavaScript**, **TypeScript**, and backend technologies including **Node.js**, **Python**, **Express.js**, and **MongoDB**. Skilled in creating seamless, responsive interfaces to enhance user experience and solve complex challenges with scalable solutions. Experienced in **State management**, **Server Side Rendering (SSR)**, and **API Integrations**. A collaborative team player with strong communication skills, dedicated to continuous learning and delivering innovative solutions to meet project goals.

EDUCATION

Narsimha Reddy Engineering College

- Bachelor of Technology, JNTUH 2018 – 2022

Sri Chaitanya Junior Kalasala College

- Telangana State Board of Intermediate Education 2016 – 2018

Sri Chaitanya Techno School

- Secondary School Certificate 2016

SKILLS

- **Programming Languages** : JavaScript, TypeScript, Python
- **Web Development Frameworks** : Vue.js, Nuxt.js, React.js, Next.js
- **Front-end Technologies** : HTML, CSS, Tailwind CSS, Bootstrap
- **State Management Libraries**: Redux, Vuex, Debugging
- **Backend Frameworks** : Node.js, Jinja2, Express.js
- **DevOps and Cloud Services** : GitHub, Amazon Web Services(S3)
- **Databases** : MongoDB
- **Operating Systems**: Windows, Linux
- **NPM Packages Used**: Gridster, Charts, Leaflet, Vue-Tel-Input, Panorama, Panolens

EXPERIENCE

Software Engineer

- Mantra Technologies Pvt. Ltd August 2022 – June 2024

PROJECTS

1. GharPe (Real Estate Platform)

Technologies: Vue.js, Nuxt.js, Node.js, JavaScript, TypeScript, Tailwind CSS, ES6

- Designed and developed **dynamic user interfaces** using **Vue.js** and **Node.js**, enabling seamless user interactions.
- Built responsive and visually appealing web pages with **Tailwind CSS**, ensuring compatibility across devices.
- Implemented state management with **Pinia** to enhance application performance and optimize data handling.
- Integrated **SEO strategies** (structured data, JSON-LD, fast-loading pages) to improve search rankings and visibility.
- Leveraged **Server-Side Rendering (SSR)** techniques to boost application performance, improve SEO, and enable faster data loading.

- Developed secure user authentication features, including **Single Sign-On (SSO)**, to enhance data security.
- Created **API integrations** using **Node.js** to improve search functionality, capture leads, and optimize endpoint performance.
- Ensured cross-platform compatibility, providing smooth and consistent user experiences across multiple devices.
- Built interactive **3D image mapping** and VR-enabled navigation features for intuitive real estate exploration.
- Integrated **Google Tag Manager (GTM)** to analyze user behavior and track interactions effectively.
- Implemented lead capture with **OTP authentication**, ensuring user verification and enhanced security.
- Designed and managed a **dynamic blog UI** integrated with a CMS for real-time content updates.
- Utilized **Jinja2 templates** and **Python-based server-side rendering** for optimized UI performance.
- Enhanced client-side interactions using **pure JavaScript**, improving interactivity and user engagement.

2. BuilderPe

Technologies: Vue.js, Nuxt.js, Node.js, JavaScript, TypeScript, Tailwind CSS, ES6

- Revolutionized **lead generation** for businesses by developing a suite of comprehensive tools.
- Designed and implemented **modular projects** using **Nuxt.js** and integrated multiple **plugins** to enhance functionality.
- Built and integrated **secure user authentication** with **JWT**, employing robust security protocols for login and sign-up processes.
- Captured high-quality **leads** and streamlined processes to improve conversion rates and user engagement.
- Enabled **personalized communication** between businesses and clients, fostering meaningful interactions.
- Implemented **group buy functionality** to offer bulk purchase discounts, driving increased sales.
- Integrated **social media platforms** and **email marketing** strategies to enhance digital marketing efforts.
- Automated the scheduling of **social media posts** and **likes** to improve online presence and engagement.
- Developed and managed various forms, projects, **lead creation** processes, group buy functionalities, **automation tasks**, and **workflow optimizations**.
- Integrated **social media composers** for posting content across platforms like **Instagram**, **Facebook**, and **LinkedIn**.
- Integrated third-party **plugins** such as **Twilio** for messaging and **WhatsApp Bot** for user interaction.
- Implemented **SEO strategies**, focusing on **keyword optimization** to enhance Google visibility and organic reach.
- Developed detailed **access control** features with **user roles**, ensuring appropriate permissions and security within the platform.
